ABOUT US

St. Mary's Education and Charitable Trust is one of the leading educational trust, consulting, and educational solutions organizations that deliver apt results to students, ensuring a level of certainty no other firm can give. SMET has a global footprint and is recognized by the Government of India with ISO 9001:2015 certification. We offer services globally for career counselling and admission guidance in most of the reputed institutions. We guarantee our support till course culmination and also provide the best placement and job assistance. We formed SMET with this aim, to promote quality education in the immediate society. Our educational trust aims to provide responsible citizens in a society transforming themselves personally and professionally. Apart from this, we support various special and environmental issues. In the year 2012, SMET began its journey in pursuit of meaningful education. Today we evolved into an institution that delivers its promise of excellence in education to over 10,000 students and is still growing.

A team of 150 highly trained and motivated staff members ensures that the institution works to nurture your minds and mold competent and proficient individuals. Our skilled and experienced counselors not only unlock your interest and aptitude that lies within you but also instill the qualities and moral values that make for an honest, responsible, and dignified personality.

SMET tuition help students to enhance the learning experience and enable students to leverage the power of collaborative learning and offer a wide range of preparation resources to students for competitive exams. Our regular exams provide a real-time experience with strong analytics that help students realign & achieve their target and fulfill their aspirations.

WHY CHOOSE SMET?

- We devote our every resource and support to our students from commencement till the culmination of the course.
- SMET is an ISO 9001:2015 certified educational trust with 9 years of immaculate service.
- 13 + branches inside and outside Kerala to provide better service to our students.
- All our branches work 24x7 so that parents and students can contact us and clear their doubts and problems.
- Our experts ensure to give you life-changing career advice.
- When you walk through unfamiliar terrain, it makes sense to take instructions. Bestow us the privilege to guide you properly through your educational journey by discovering your aptitude and indulgences and help you to reach the heights you are capable of.
- We meticulously select colleges inside and outside India to provide a hassle-free educational experience with admissions for all courses in the best colleges. Secure your seat before it's too late.
- Life may contain a few disappointments, don't let that bother you and be an impediment in your path to success. If you are struggling with exam fear, memory problems, family issues, or depression, feel free to seek our help. Our expert counsellors will try to obliterate all your problems and put you back on the right track again.
- Our strength is our students. We care for the quality and results and we have a 100% success record till now. We have guided more than 10,000 successful and satisfied graduates working in different parts of the world
- Our team consists of skilled and experienced faculty who trains you easy, impressive, and shortcut methods for cracking exams, helps to improve communication skills, personality, and confidence. Our experts guide you to achieve your true desire in education.

SMET TUITION - WHY CHOOSE IT?

Mainly students join for tuition to get individual attention. Our teachers provide individual attention to each child without being biased. Normally in school, teachers give more attention to top students but we promise that every student is equally important to us and we will do our best to enlighten each student by finding out their capabilities and competencies.

Everyone's striving to win by establishing superiority over others. To make our students more competitive and skillful, we provide rudimentary coaching to accomplish entrance exams and UPSC.

Language is like a passport to the world, especially the English language, not only to convey ideas but also to understand and comprehend everything easily. Most of the students reproduce 80% of what they learn in Malayalam but always fail that in English. The reason is that they are adept in Malayalam but not in English. To rectify this, our IELTS coaching experts give them a one-hour class twice a week which also helps students to improve their personalities, confidence and help them to overcome stage fear.

In a nutshell, for the first time in India, our tuition center provides all three coachings that are essential for students:

- Language Training
- Competitive Exam Training
- School Education

Since we have the top results in entrance crash coaching for the last three years in Kerala and Karnataka, we can give our students' 100% secure future. We also have a 100% success rate for IELTS coaching.

What makes us exceptional from other institutions is that, to provide attention to each student, we only accommodate limited admissions in one batch.

Since students' skills vary, some may be very good at listening and speaking but not at reading. So, we analyze each student's capability and give them the individual attention they require in affordable packages.

We also provide OET and MOH coaching. Trust SMET and we will do the rest for you.
